Dear John Harpore / 30.4.62

Mr. Barclay gave me
your "kind regards". But I
want a longish report of
what you have been up to
→ in last 6 months!

has Thomas's work left for ever

I heard you were in N. B with your mother!

But Mr Barclay says not.

When are you coming down again? There is a small town of Edgell's ten kamps troops awaiting a "V.-D.-P." visit.

Could you fill that appellation? Or is "Rev. Father" better?

Did you get your Grammar Pool at Leprosarium? Best wishes from Anne & me.
