Dear "Abbulla"

than usual; - ~~Fingers~~ are cracked across & in some cases bleeding.

No (waterproofed) adhesive tape at any of the Chemists (2 + a store) !!! Only lipstick !!!
Only publishing "Mendits" (Johnson's) Band-Aid - non-water proof - so ~~soaks~~ soaks off immediately in water!

But it was not to write that "grizzle" that I am - apparently - wasting any time on - But on!

- (1) no greetings for St Patrick's Day
- (2) no note telling me what you are doing? + where?
- (3) Are you like "top"? "Pediatrician" (Dr. Ely Turner) ^{vic.} spending all your time at "conferences"?? TALK!
(W. ans) Perth next! (for her.) (+ social stunts.)
- (4) Are you going to "Diet Conference International Congress"

2 (in Stockholm - in July)?

Ebj's sister Nancy ^{Turner} is: - to read a paper on "Diet" in regard to Cancer. (She is in Cancer Research ~~Dept~~ Institute in Melbourne. And had a breast removed (was before last) & she returned to her researches there as soon as possible ^{after} but still feels bad effects of radio treatment after operation.

She is (I think) a really brave, & whole-hearted, researcher.

Does "diet" have any effect on Leprosy?

They are going to U.S.S.R & other States (NOT ~~I think~~ AND I HOPE ^{NOT} U.S.A!) after Congress (International)

Are you going?

Do cut out some of your "Hail Mary" (s)
& write me some of your news?
Or am I liquidated ??? (at 80)

Best wishes - (if you deserve them?)
from your "Yabulla"
(Grandmother)

P.S. Have you met a District nurse Louise Kershaw? (name)
