My dear Sir

I am sorry that I have  
 left your letter so long unanswered  
 but I had thoughts of writing  
 soon but had so delayed writing

Mr. Mather was quite correct  
 in what he told you - viz that I  
 was anxious to dispose of the place  
 and will make the terms of sale  
 as liberal as I can

I believe you agreed with Captain  
 Swanton to purchase the Peapack  
 Farm for £4000 and I wish to know  
 whether you are anxious to complete  
 the purchase now, but I am in  
 a position to get the grant for it

I shall be inclined to take  
 Bills at long dates received on the

the property or if you do  
 not like that I am willing to  
 meet your views in any way  
 that I can - without neglecting  
 the interests of my Brothers & Sisters

The youngest person having  
 an interest in the property of  
 the Estate of my late Father will  
 be of age in four years and before  
 that the property must be sold  
 or taken by one of my Brothers at  
 a valuation

Pray think this matter over  
 and determine what your course  
 will be on this subject

I am  
 Yours Truly
